PROFILE INFO

A self-driven and meticulous B.Tech student in CSE - Data Science. My studies have given me a detailed understanding of Data Science and other technologies and their application through data analysis. Looking to apply my skills as a programmer with proven skills in C++, Python towards data analysis solutions.

EXPERIENCE

ACADEMIC PROJECTS

- **Materni Track:**
It is a project designed using IOT for fetal health monitoring. Also received funding for it.
- **Customer Relationship Management:**
